PROJECT OVERVIEW

St. Louis Design Alliance provided the interior design including furniture selection, interior detail, and procurement, artwork and signage for the 32 million dollar campus, which provides independent living units in both apartments and patio homes, and a 48 unit assisted living facility. Multiple dining venues, a chapel, theatre, library, and fireside lounge are provided in the central commons. The campus is planned to ultimately accommodate over 200 independent living units, and the addition of a 60 bed skilled care facility, and dementia unit.
