

United Bank of Union Missouri

**Union, Missouri
2008**

PROJECT OVERVIEW

St. Louis Design Alliance interior design team and Altman Charter gave an existing bank an updated new look. The main lobby, officer areas, and main entrance were completely relocated to improve the use of the 12,000 square foot space. A new audio visual system was added as well as new electrical and mechanical systems. The renovation includes new finishes throughout including a new teller line design and furnishings for 13 private offices, 6 open office work stations, lobby lounge and employee lunch room.
