

**St. Johns  
Evangelical United  
Church of Christ**

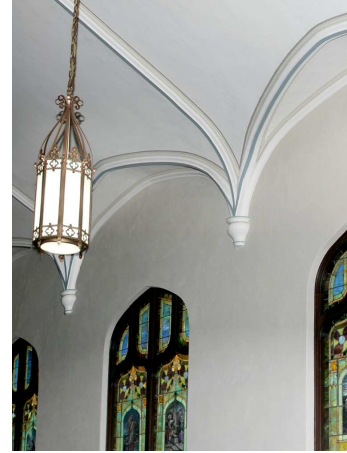

**St. Louis, Missouri  
2010**

**PROJECT OVERVIEW**

*STLDA provided the interior design for the renovation of St. Johns UCC, the oldest church in South County. The design team greatly enhanced the architectural elements in the outdated sanctuary, making the room come alive through new carpeting and accent paint in warm colors. The chancel balcony and overflow areas were also expanded and updated to support the vibrant and active congregation needs.*
