

The Village at Mackenzie Place

Affton, MO
2012

PROJECT OVERVIEW

Lutheran Senior Services, a non-for-profit developer, and St. Louis Design Alliance have teamed up to design this HUD 36 unit elderly apartment complex. Located in South St. Louis, and part of a larger housing campus, this three-story brick apartment building meets the needs of low income elderly residents who desire to live independently. Residents can enjoy communal activities in the complex's multipurpose room and outside courtyard.

UNIT PLAN

- A kitchen
- B bedroom
- C living room
- D patio
